Free Buprenorphine X-Waiver Training Series

DHS has partnered with the Wisconsin Society of Addiction Medicine to increase treatment capacity for opioid use disorder through expanded prescribing of buprenorphine, one of three Food and Drug Administration (FDA)-approved medications for the treatment of opioid use disorder.

Ten in-person training sessions for health care providers eligible to prescribe buprenorphine are scheduled across Wisconsin this year. Each session, when paired with an online session offered through the American Society of Addiction Medicine, provides the necessary education for participants to qualify for a waiver to prescribe buprenorphine as part of a medication-assisted treatment plan for opioid dependency.

The next course is Friday, June 28 from 8:00 a.m. to 12:30 p.m. in Eau Claire.

Course details and registration are [available online.](#)

Society looks to partner with state Attorney General, Dept. of Justice to stem opioid epidemic

Society member Michael McNett, MD, and staff Mark Grapentine and Lisa Davidson met yesterday with Wisconsin Attorney General Josh Kaul, Department of Justice Opioid Initiatives Advisor Danielle Long and Department of Justice Government Affairs Director Chris McKinny to discuss how the Society can be a partner in their efforts to stem the opioid epidemic.
